

Everybody deserves Sennheiser Sound

Culture™ Series
Sennheiser SC 30/60 USB CTRL and SC 30/60 USB ML

 **SENNHEISER**

A quality user experience can improve Unified Communications adoption and performance

The Sennheiser Culture™ Series headsets are specially designed as a deployment-friendly solution for enterprises transitioning from traditional telephony systems to Unified Communications. All Culture™ headsets offer Sennheiser Voice Clarity for a more natural listening experience, quality sound and excellent wearing comfort – something you will notice immediately.

Simple to deploy and fully integrated for productivity

The Culture™ headsets SC 30 USB CTRL and SC 60 USB CTRL are compatible with global providers of Unified Communications solutions and SC 30 USB ML and SC 60 USB ML versions are optimized for Microsoft® Lync®. To smooth the change from traditional systems to Unified Communications, high quality, easy to use tools offer a richer and more rewarding experience, which makes transition simpler and more productive. Combine this with plug and play implementation, and you have the ideal deployment headset.

Culture™ SC 30 USB CTRL SC 60 USB CTRL

Optimized for
Unified Communications

Designed for users who require HD voice clarity and maximum call-handling flexibility when working in Unified Communications environments.

- Optimized for Unified Communications (UC) – the Culture™ Series provides a plug and play experience

- Sennheiser Voice Clarity – wideband stereo sound for a natural listening experience*
- Optimum speech clarity through noise canceling microphone
- Large, very comfortable ear pads for long term use

- Ultra lightweight and deployment friendly headsets
- ActiveGard® technology provides hearing protection against acoustic shock
- Call control features: answer/end a call, volume up/down, microphone mute, redial last outgoing call and reject incoming call
