

PRESENCE™

Hear
and be heard
Wherever

The ultimate headset for getting your message through

With Sennheiser PRESENCE™ you get the best of both worlds: **You** get the benefit of superb HD sound and **your listener** gets to hear you clearly – no matter where you're calling from.

Because PRESENCE™ intelligently adapts to different environments, it always delivers the best sound possible – especially for your listener. From noisy office, through a windy car-park to the relative quiet of your car, PRESENCE™ takes background noise in its stride and adapts seamlessly to give the consistent listening experience that professional communication demands.

With its extended talk-time and range, this iconic headset is designed to actively help you and your listener focus on your conversation.

Be sure that your message gets through – even in challenging outdoor environments. WindSafe™ technology reduces wind noise to ensure the clearest possible sound is sent to your listener – and that your answers aren't left blowing in the wind.

WIND
SAFE™

When it comes to business, clear communication is crucial. SpeakFocus™ technology focuses on your voice to deliver crystal clear sound, making it easy for listeners to hear what you're saying – even in noisy environments.

SPEAK
FOCUS™

Uncompromising sound for you and your listener

PRESENCE™ packs a wealth of advanced sound technology into its slim discrete design to give demanding professionals peak performance on the move.

Best-in-class sound

Legendary Sennheiser HD voice clarity ensures a clearer and more natural audio experience.

Adapts to all sound environments

SpeakFocus™ and WindSafe™ technologies provide your listeners with the ultimate in speech intelligibility in all environments.

Hearing protection

ActiveGard® technology protects you from acoustic shock and sudden sound surges.

Maximized UC performance

Plug and play compatibility with leading UC platforms to get the most out of your UC environment.

Multi-connectivity

Seamlessly switch between softphone and mobile calls, effectively replacing your in-office headset as well as your mobile headset.

Extended talk time

Up to 10 hours talk time for a full day on the move.

Increased range

Freedom to move up to 25 meters – depending on device and environment.

Convenient carry case

PRESENCE™ UC versions come complete with a carrying case designed to protect your headset, while keeping your accessories safe and to hand. With space for headset, dongle and USB charging cable, the case fits comfortably in a pocket. For your convenience PRESENCE™ is delivered with both ear hook and ear sleeves.

PRESENCE™ Mobile Series

PRESENCE™ has been designed with the user in focus, to ensure that every mobile professional gets the maximum value from their premium headset. Choose between two variants to optimize your productivity:

PRESENCE™ UC

is for mobile Unified Communications professionals who require a consistently excellent communication solution around the office, in the car and outdoors.

PRESENCE™ UC ML

is for mobile Unified communications professionals using Microsoft Lync™, who require consistently an excellent communication solution around the office, in the car and outdoors.

PRESENCE™ Business*

is for the mobile professional, who simply needs an excellent communication solution in the office, in the car and outdoors.

*Carry case and dongle not included.
